I prefer to get all this confusing crap out of the way. I usually prefer to swap full weeks.

Also...technically, not legal to swap over the CY due to the stand by pay and cert. memo.

So if you want to swap it ups to you.

And I did not even catch you got the year wrong. ... the next one is 2016

It's not optimal but I can't do October because I'm in HI. Would you consider something earlier in 17?

Seriously? You are ok with getting RDO then?

You actually would get off RDO as of Christmas morning.

Dan,

I can take you Mon – Fri PDO if you still want...However I only have RDO weeks remaining this year, so you may not want to swap.

You can take over RDO from a Mon- Fri ., Oct 5-9 or Dec 21-25

Jeff, just Monday 0000 to Fri 0700. I swapped out earlier in the year with Boykin for the weekend at his request. If you can trade those days either this year or next that would be great. They plugged me in as Ops Chief until Moxley gets in tomorrow and the place is a zoo. Let me know and thanks.

Sitting at PDX now to go to NM for 2 weeks. Should be lovely especially since the spill estimate went from 1 to 3 million gallons this AM and the NM governor called EPA "disgraceful" on the CBS evening news last night. Please look at your schedule and swap if you can. Thanks
